GREETINGS AND BEST WISHES,

1-31-08

My name is Howard Young and my case before you is

the Volunteer Legal Services Program who will attempt to place

my case with a pro bono counsel upon your referral. I'm hereby

requesting that you would refer my case as such, particularly since

it has been sent back to this court by the Ninth Circuit.

Your consideration is greatly appreciated.

Happy New Year!! I still believe that you have a good case, especially in light of the fact that the court is willing to review it de novo. Again however, what we need in order to attempt to place you with pro bono counsel, is an order from Judge Jenkins requesting this. As of now, we still haven't received this. Did you write him a letter requesting placement through VLSP's Federal pro Bono Project? Again, you may address the letter like this: Honorable Judge Jenkins, U.S. District Court, 450 Golden Gate Ave., San Francisco, Ca. 94102.

I wish I had passed the bar. However, I won't know until May since I am taking it in February. Even then, you would definitely want an experienced attorney. I wouldn't have enough experience to take on a case by myself yet!

I wish you the best of luck on your case. Hopefully it will be referred to our organization. If not, I hope Judge Jenkins will find an organization that will take it.

Re: Young v. Trans Union

Dear Mr. Young:

Thank you for contacting our office concerning your potential legal matter. Based on the information related, we have decided not to pursue your case and will not be representing you or protecting your legal interests in this matter, or taking any action on your behalf. Our decision in this regard is a business decision. It is not meant to reflect on the merits of your case and is not intended to discourage you from further action.

Please be advised that California law requires that legal actions be commenced within certain time limits, or the right to sue is, or may be, lost. Some limitation periods are as short as six months from the date of the injury causing event. Such time limits usually apply to public entities such as the State, cities, counties, schools, police departments, fire departments, irrigation districts, libraries, etc. Many statutes of limitation, such as medical malpractice cases, are as short as one year from the date of the injury causing event. If the date on which any legal time limit has passed or passes before legal action is taken, you will forever lose your right to sue for compensation in this case. Thus, it is very important that you contact an attorney sufficiently before the expiration of the statute of limitations so that your interests can be protected.

We appreciate your confidence in our firm and thank you for having taken the time to contact us.

Very truly yours,

Cornwell & Sample, LLP

Dear Howard:

I am in receipt of your letter dated January 9, 2008 wherein you are seeking representation in your matter. Unfortunately, my current practice is heavily weighted with challenges by life term inmates against the Board of Parole Hearings and the Governor. Thus, I am not currently taking on new civil lawsuits.

Thank you for considering my services.

Very truly yours,
